Professional Summary

Analytical and detail-oriented Data Analyst skilled in SQL, Power BI, Python (NumPy, Pandas, Matplotlib, Seaborn) and end-to-end dashboard development. Experienced in ETL, DAX, data modeling, and delivering actionable insights. Successfully trained 1500+ learners through structured corporate and academic programs. Strong ability to transform raw data into business-ready decision intelligence.

Technical Skills

- **Data Analysis:** Power BI, SQL, Python (Pandas, NumPy)
- **Visualization:** Power BI, Excel
- **Tools:** Power Query, DAX, Power BI Service
- **Databases:** MS SQL Server, Oracle
- **Concepts:** ETL, Data Modeling, KPI Development

Projects

Sales Performance Analysis Dashboard | Power BI, DAX

- Performed data extraction and preprocessing using SQL and Power Query & analyzed multi-dimensional sales data across regions, product categories, and time periods using Power BI.
- Built a star schema data model and created DAX measures to track KPIs such as total revenue, profit margin, and YoY growth.
- Developed interactive dashboards with drill-down and filter capabilities, improving data visibility by 40%.
- Identified top-performing products and underperforming regions, enabling data-driven inventory and sales strategy decisions.

Customer Churn Analysis Dashboard | Power BI, DAX

- Analyzed customer demographics, usage patterns, and feedback data to identify churn drivers.
- Created calculated columns and 12+ DAX measures to track KPIs such as churn rate, customer tenure, and satisfaction score.
- Designed interactive dashboards to segment customers based on risk levels, improving churn analysis efficiency by 35%.
- Identified high-risk customer segments, enabling proactive retention strategies and improving customer retention insights by 30%.

Financial Performance Dashboard | Power BI, DAX

- Analyzed financial data including income, expenses, and departmental performance using Power BI.
- Developed data models and 18+ DAX measures to track KPIs such as net profit, cost-to-income ratio, and budget vs actuals.
- Built dynamic dashboards with drill-through features, improving financial reporting efficiency by 45%.
- Delivered insights on cost optimization and department-level profitability to support strategic planning.

Professional Experience

Associate Software Engineer (Data Analyst & Corporate Trainer) | Apr 2024 – Present

Test Yantra Software Solutions Pvt. Ltd., Bangalore

- Trained 1500+ professionals in Power BI and DAX, improving reporting efficiency by 70% through KPI-driven dashboards.
- Led corporate training engagements for Capgemini (2025 & 2026 batches), enabling newly onboarded analysts to

build data-driven reports and visualizations.

• Designed and delivered 10+ capstone projects and structured learning programs based on real-world business scenarios.

• Developed interactive Power BI dashboards and reports to present KPIs, trends, and actionable business insights.

• Performed data cleaning, transformation, and analysis using Power Query and SQL to ensure data accuracy and usability.

• Built and optimized data models and DAX measures to enhance reporting performance and analytical capabilities.

• Created real-world datasets and dashboards for training simulations, improving practical learning outcomes by ~40%.

• Delivered Python-based data analysis training using Pandas and NumPy for academic and professional audiences.

• Worked with enterprise-level datasets aligned with corporate reporting standards to support analytics and decision-making.

Achievements

- Trained 1500+ professionals in Data Analytics and Power BI.
- Delivered corporate training programs for Capgemini freshers.
- Improved dashboard reporting efficiency by up to 70%.
- Gold Medalist in Master of Computer Science (CGPA: 8.6).

Education

Master of Computer Science — Rani Channamma University | CGPA: 8.6 (Gold Medalist)

Bachelor of Science (Computer Science) — KLE's G I Bagewadi College | 77%

Certifications

- IBM Certified Advanced Python — IBM Developer Skills Network
- NCC "C" & "B" Certificates
